

COVID-19 school closure arrangements for Safeguarding and Child Protection at Paxman Academy

This is supplementary guidance which is to be used in conjunction with Paxman Academy Safeguarding and Child Protection Policy.

This guidance has been produced in accordance with:

<https://www.gov.uk/government/publications/covid-19-safeguarding-in-schools-colleges-and-other-providers/coronavirus-covid-19-safeguarding-in-schools-colleges-and-other-providers>

This information will be reviewed on a weekly basis to ensure that it holds the most up to date information

1. Context

From 20th March 2020 parents were asked to keep their children at home, wherever possible, and for schools to remain open only for those children of workers critical to the COVID-19 response - who absolutely need to attend.

Schools and all childcare providers were asked to provide care for a limited number of children - children who are vulnerable, and children whose parents are critical to the COVID-19 response and cannot be safely cared for at home.

Paxman Academy is now closed and this provision now takes place at The Philip Morant School and College. This school is also part of the SIGMA Trust. During this time the safeguarding procedures for Paxman Academy will be followed in conjunction with those of The Philip Morant School and College. These are outlined within this document.

This addendum of the Academies Safeguarding, and Child Protection policy contains details of our individual safeguarding arrangements in the following areas:

1. ***Context***
2. ***Vulnerable children***
3. ***Attendance monitoring***
4. ***Designated Safeguarding Lead***
5. ***Reporting a concern***
6. ***Safeguarding Training and induction***
7. ***Safer recruitment/volunteers and movement of staff***
8. ***Online safety in schools and colleges***
9. ***Children and online safety away from school and college***
10. ***Supporting children not in school***
11. ***Supporting children in school***
12. ***Peer on Peer Abuse***

Vulnerable children

Vulnerable children include those who have a social worker and those children and young people up to the age of 25 with education, health and care (EHC) plans.

Those who have a social worker include children who have a Child Protection Plan and those who are looked after by the Local Authority. A child may also be deemed to be vulnerable if they have been assessed as being in need or otherwise meet the definition in section 17 of the Children Act 1989.

Those with an EHC plan will be risk-assessed in consultation with the Local Authority and parents, to decide whether they need to continue to be offered a school or college place in order to meet their needs, or whether they can safely have their needs met at home. This could include, if necessary, carers, therapists or clinicians visiting the home to provide any essential services. Many children and young people with EHC plans can safely remain at home.

Eligibility for free school meals in and of itself should not be the determining factor in assessing vulnerability.

Senior leaders, especially the Designated Safeguarding Lead (and deputy) know who our most vulnerable children are. They have the flexibility to offer a place to those on the edge of receiving children's social care support.

Paxman Academy will continue to work with and support children's social workers to help protect vulnerable children. This includes working with and supporting children's social workers and the local authority virtual school head (VSH) for looked-after and previously looked-after children. The lead person for this will be: Nick Mussett

There is an expectation that vulnerable children who have a social worker will attend an education setting, so long as they do not have underlying health conditions that put them at risk. In circumstances where a parent does not want to bring their child to an education setting, and their child is considered vulnerable, the social worker and Paxman Academy will explore the reasons for this directly with the parent.

Where parents are concerned about the risk of the child contracting COVID19, school name or the social worker will talk through these anxieties with the parent/carer following the advice set out by Public Health England.

Paxman Academy will encourage our vulnerable children and young people to attend a school, including remotely if needed.

Attendance monitoring

Local authorities and education settings do not need to complete their usual day-to-day attendance processes to follow up on non-attendance.

Paxman Academy and social workers will agree with parents/carers whether children in need should be attending school – Paxman Academy will then follow up on any student that they were expecting to attend, who does not. Paxman Academy will also follow up with any parent or carer who has arranged care for their child(ren) and the child(ren) subsequently do not attend.

To support the above, Paxman Academy will, when communicating with parents/carers and carers, confirm emergency contact numbers are correct and ask for any additional emergency contact numbers where they are available.

In all circumstances where a vulnerable child does not take up their place at school, or discontinues, Paxman Academy will notify their social worker.

Designated Safeguarding Lead

Paxman Academy has a Designated Safeguarding Lead (DSL) and a Deputy DSL.

The Designated Safeguarding Lead is: **Nick Mussett**

The Deputy Designated Safeguarding Lead are: **Tom Morgan** and **Elaine Rogers**

A trained DSL (or deputy) will be available to be contacted via phone details re available on the school website and at the top of this document.

Where a trained DSL (or deputy) is not on site at The Philip Morant School and College from Paxman Academy, there will always be a member of the teacher or support staff from Paxman Academy on site. A DSL (or deputy) will always be available on a rota basis which is made available to staff. They will be available for immediate contact.

A DSL or DDSL will be available on site from The Philip Morant School for immediate advice if required.

This might include updating and managing access to child protection online management system, Classcharts Safeguard My School and liaising with the offsite DSL (or deputy) and as required liaising with children's social workers where they require access to children in need and/or to carry out statutory assessments at the school or college.

It is important that all Paxman Academy staff and volunteers have access to a trained DSL (or deputy). On each day staff on site will be made aware of who that person is and how to speak to them.

The DSL will continue to engage with social workers, and attend all multi-agency meetings, which can be done remotely.

Reporting a concern

Where staff have a concern about a child, they should continue to follow the process outlined in the school Safeguarding Policy, this includes making a report via Classcharts Safeguard My School, which can be done remotely. Staff can also make urgent concerns by phone and consult the DSL or DDSL should they require immediate support and advice.

In the unlikely event that a member of staff cannot access their Classcharts Safeguard My School from home, they should email the Designated Safeguarding Leads, and the Headteacher. This will ensure that the concern is received.

Staff are reminded of the need to report any concern immediately and without delay.

Where staff are concerned about an adult working with children in the school, they should report the concern to the headteacher. If there is a requirement to make a notification to the headteacher whilst away from school, this should be done verbally and followed up with an email to the headteacher.

Concerns around the Headteacher should be directed to the Chair of Governors: John West

The Sigma Trust will continue to offer support in the process of managing allegations. The Sigma lead will be the Employee Relations Manager (or, if unavailable, the Trust HR Manager).

Safeguarding Training and induction

DSL training is very unlikely to take place whilst there remains a threat of the COVID 19 virus.

For the period COVID-19 measures are in place, a DSL (or deputy) who has been trained will continue to be classed as a trained DSL (or deputy) even if they miss their refresher training.

All existing school staff have had safeguarding training and have read part 1 of Keeping Children Safe in Education (2019). The DSL should communicate with staff any new local arrangements, so they know what to do if they are worried about a child.

Where new staff are recruited, or new volunteers enter Paxman Academy, they will continue to be provided with a safeguarding induction.

If staff are deployed from another education or children's workforce setting to our school, we will take into account the DfE supplementary guidance on safeguarding children during the COVID-19 pandemic and will accept portability as long as the current employer confirms in writing that:

- a. The individual has been subject to an enhanced DBS and children's barred list check.
- b. There are no known concerns about the individual's suitability to work with children.
- c. There is no ongoing disciplinary investigation relating to that individual

For movement within the Trust, schools should seek assurance from the Multi-Academy Trust (MAT) HR Manager that the member of staff has received appropriate safeguarding training.

Upon arrival, they will be given a copy of the receiving setting's child protection policy, confirmation of local processes and confirmation of DSL arrangements.

Safer recruitment/volunteers and movement of staff

It remains essential that people who are unsuitable are not allowed to enter the children's workforce or gain access to children. When recruiting new staff, Paxman Academy will continue to follow the relevant safer recruitment processes for their setting, including, as appropriate, relevant sections in part 3 of Keeping Children Safe in Education (2019) (KCSIE).

In response to COVID-19, the Disclosure and Barring Service (DBS) has made changes to its guidance on standard and enhanced DBS ID checking to minimise the need for face-to-face contact.

Where Paxman Academy are utilising volunteers, we will continue to follow the checking and risk assessment process as set out in paragraphs 167 to 172 of KCSIE. Under no circumstances will a volunteer who has not been checked be left unsupervised or allowed to work in regulated activity.

Paxman Academy will continue to follow the legal duty to refer to the DBS anyone who has harmed or poses a risk of harm to a child or vulnerable adult. Full details can be found at paragraph 163 of KCSIE.

Paxman Academy will continue to consider and make referrals to the Teaching Regulation Agency (TRA) as per paragraph 166 of KCSIE and the TRA's 'Teacher misconduct advice for making a referral'.

During the COVID-19 period all referrals should be made by emailing Misconduct.Teacher@education.gov.uk

Whilst acknowledging the challenge of the current National emergency, it is essential from a safeguarding perspective that any school is aware, on any given day, which

staff/volunteers will be in the school or college, and that appropriate checks have been carried out, especially for anyone engaging in regulated activity. As such, Paxman Academy will continue to keep the single central record (SCR) up to date as outlined in paragraphs 148 to 156 in KCSIE.

Online safety in schools and colleges

Paxman will continue to provide a safe environment, including online. This includes the use of an online filtering system.

Where students are using computers in school, appropriate supervision will be in place.

Children and online safety away from school and college

It is important that all staff who interact with children, including online, continue to look out for signs a child may be at risk. Any such concerns should be dealt with as per the Child Protection Policy and where appropriate referrals should still be made to children's social care and as required, the police.

Online teaching should follow the same principles as set out in the SIGMA code of conduct.

Paxman Academy will ensure any use of online learning tools and systems is in line with privacy and data protection/GDPR requirements.

Below are some things to consider when delivering virtual lessons, especially where webcams are involved:

- No 1:1s, groups only
- Staff and children must wear suitable clothing, as should anyone else in the household.
- Any computers used should be in appropriate areas, for example, not in bedrooms; and the background should be blurred.
- The live class should be recorded so that if any issues were to arise, the video can be reviewed.

- Live classes should be kept to a reasonable length of time, or the streaming may prevent the family 'getting on' with their day.
- Language must be professional and appropriate, including any family members in the background.
- Staff must only use platforms provided by The SIGMA Trust to communicate with students
- Staff should record, the length, time, date and attendance of any sessions held.

Supporting children not in school

Paxman Academy is committed to ensuring the safety and wellbeing of all its Children and Young people.

Where the DSL has identified a child to be on the edge of social care support, or who would normally receive pastoral-type support in school, they should ensure that a robust communication plan is in place for that child or young person.

Details of this plan must be recorded on Covid-19 student support tracking document, as should a record of contact have made.

The communication plans can include; remote contact, phone contact, door-step visits. Other individualised contact methods should be considered and recorded.

In the first instance, all students will be contacted at least weekly by either their form tutor or another member of staff. This contact will initially be made by phone. Subsequent contact will then be made up of a mixture of email and phone contact on a weekly basis. Vulnerable students and families will be contacted by phone on at least a weekly basis. Doorstep visits will then be used to supplement this contact as required.

Paxman Academy and its DSL will work closely with all stakeholders to maximise the effectiveness of any communication plan.

This plan must be reviewed regularly (at least once a fortnight) and where concerns arise, the DSL will consider any referrals as appropriate.

The school will share safeguarding messages on its website and social media pages.

Paxman Academy recognises that school is a protective factor for children and young people, and the current circumstances, can affect the mental health of students and their parents/carers. Teachers at Paxman Academy need to be aware of this in setting expectations of students' work where they are at home.

In addition students and parents will receive additional information regarding protecting mental health and well being during this time. This information will be made available to all on the schools website.

students will receive additional E-safety training to help keep them safe whilst at home and accessing online resources.

Paxman Academy will ensure that where we care for children of critical workers and vulnerable children on site, we ensure appropriate support is in place for them. This will be bespoke to each child and recorded on Covid-19 student support tracking document.

Supporting children in school

Paxman Academy is now closed. The guidance in this section now refers to the provision which is being offered to Paxman Academy students at The Philip Morant School and College.

Paxman Academy is committed to ensuring the safety and wellbeing of all its students. Paxman Academy staff will always be on site to support the welfare and ensure the safeguarding of its students.

Paxman Academy will continue to offer (The Philip Morant School and College) a safe space for all children to attend and flourish. The Headteacher will ensure that appropriate staff are on site and staff to student ratio numbers are appropriate, to maximise safety.

Where a member of The Philip Morant School and College staff has concerns regarding the wellbeing or safety of a Paxman Academy student then this concern will be reported to the Paxman Academy member of staff as soon as possible and reported to the DSL or DDSL if appropriate. The Philip Morant staff will complete this concern using their local procedures.

<https://philipmorant.essex.sch.uk/wp-content/uploads/2019/10/Safeguarding.pdf>

Paxman Academy(The Philip Morant School and College) will refer to the Government guidance for education and childcare settings on how to implement social distancing and continue to follow the advice from Public Health England on handwashing and other measures to limit the risk of spread of COVID19.

Paxman Academy will ensure that where we care for children of critical workers and vulnerable children on site, we ensure appropriate support is in place for them. This will be bespoke to each child and recorded on Covid-19 Student tracking document and Classcharts where appropriate.

Where Paxman Academy has concerns about the impact of staff absence – such as our Designated Safeguarding Lead or first aiders – will discuss them immediately with the trust and The Philip Morant School and College

Peer on Peer Abuse

Paxman Academy recognises that during the closure a revised process may be required for managing any report of such abuse and supporting victims.

Where a school receives a report of peer on peer abuse, they will follow the principles as set out in part 5 of KCSIE and of those outlined within the Child Protection Policy.

The school will listen and work with the young person, parents/carers and any multi-agency partner required to ensure the safety and security of that young person.

Concerns and actions must be recorded on Classcharts and appropriate referrals made.

Support from the Multi-Academy Trust

The Multi-Academy Trust (MAT) Central Safeguarding Team will provide support and guidance as appropriate to enable the DSL to carry out their role effectively.

This includes, remotely accessing Child Protection files for the purpose of quality assurance, support, guidance and direction.

Support from the Sigma Trust

The Sigma Trust will provide support and guidance as appropriate to enable the school and the DSL to carry out their role effectively.
